CERTIFIED MAIL--Return Receipt Requested

Mr. Dale Snyder
AMMI
145 South 1350 East
Lehi, UT 84043

Dear Mr. Snyder:

Your 2003 maintenance fee document and \$2,900 were received in this office on August 30, 2002. The maintenance fees were accepted for mining claims UMC143989-144007 and UMC234909-234912. However, the maintenance fees cannot be accepted for Granite Hightimes, UMC348985-348990, mining claims.

In review of our records, the Granite Hy-Times (Hightimes) 1-2 and 4-7, UMC348985-348990, mining claims are closed. On December 14, 2001, a decision was issued declaring these claims abandoned and void (see enclosed decision).

The \$600 submitted to cover the maintenance fees for the closed claims is refundable and a Government check is forthcoming.

Void or abandoned claims or sites may be relocated subject to valid intervening rights of third parties or the United States. It is the claimant's responsibility to assure that the land is open to mineral entry at the time of location. New location notices, charges, and fees must be received by the proper BLM office within 90 days from the date of location. When recording new location notices with the BLM, a map, \$10 service charge, \$25 location fee, and \$100 maintenance fee is required at the time of filing for each mining claim or site. The notices must also be filed with the appropriate county recorder.

If you have any questions, please call Opolonia Abeyta at (801) 539-4123.

Sincerely,

/s/ Robert Lopez
